

*****DRAFT*****

433 MHz transmitter receiver
pico or pico2
08/13/26

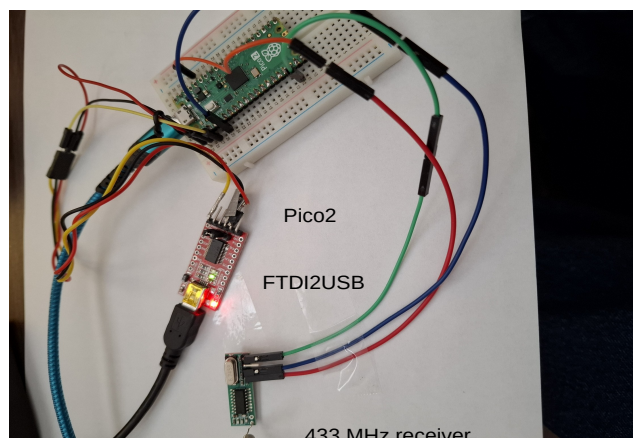

*****DRAFT*****

Currently using the https://github.com/develone/pico-examples/blob/test-dev/pio/uart_tx/uart_tx.c
and https://github.com/develone/pico-examples/blob/test-dev/pio/uart_rx/uart_rx.c

433 MHz transmitter pico

pico2 FTDI2USB
433 MHz receiver

pico transmitter

The image shows two side-by-side terminal windows. The left window has a title bar 'devl@pi0-70: ~' and contains the text 'Hello, world! (from PIO! Pin GPIO-14)' repeated 20 times. The right window has a title bar 'devl@pi4-60: ~' and contains the same text repeated 20 times. Both windows have menu bars with 'File', 'Edit', 'Tabs', and 'Help'.
